

EUROTECHNIK®

Technician

Join our award-winning company working on luxury European vehicles. Get high level training across European brands.

Type: Full-Time

Location: Fremantle, Western Australia

Are you a qualified Mechanic/Technician looking to build your career working on prestigious European cars?

- *Accelerate your career with our award-winning workshop that wants to support your career*
- *We are always learning - you will gain inhouse and external technical training – including electric vehicle training*
- *Earn a competitive salary with quarterly bonuses incentives*

Who We Are:

Euro Technik is an award-winning automotive business, who exclusively repair and service high end European vehicles across three western suburb locations in Perth. Whilst having a fun team culture, we focus on being the best in the industry. We are passionate about going all in to deliver the best results for our customers and have recently been awarded several industry awards including MTAWA Automotive Excellence (Overall winner for the industry) and Medium Automotive Business of the Year award. Our Fremantle workshop also recently won the Fremantle Chamber of Commerce Business awards in the category of Business & Professional Services.

We are now looking to expand our team of Technicians at our Fremantle workshop.

By Joining Our team:

- We will invest in you and your career through in house and external training
- Get mentoring and coaching to progress your career
- You'll receive quarterly profit share bonuses and additional company incentives
- Work in a full equipped, modern workshop with the latest diagnostic equipment and access to all manufacturer information to make you a highly versatile Technician
- We have a thriving team culture who highly value each other and consistently set each other up to succeed
- You will be inspired daily to be the best version of yourself and feel the hard work genuinely pay off through fun, growth and rewards

As a Technician, you:

- Have completed your apprenticeship and have a passion for European cars
- Strive to achieve the best results
- Are motivated and highly disciplined
- Can take direction and want to continuously learn and develop your skills
- Send out quality work on a consistent basis
- Are highly organised and work in a methodical way

EUROTECHNIK®

- Are wanting a long-term career and wanting to progress as a Technician
- Enjoy being part of a team and can work well with others
